MESC is jointly owned and operated by Ermineskin Cree Nation, Louis Bull Tribe, Montana First Nation, Samson Cree Nation, and currently serves more than 2,200 students. We are proud to employ over 500 staff. 71% of our staff are First Nations and that number is increasing each year.

With a renewed focus on Cree language and culture, MESC schools offer a strong balance between local Nehiyaw (Cree) core values according to the Maskwacis Declaration on Education and provincial academics as outlined in Alberta Education Programs of Study.
